

PB 14 DCS

Power nozzle for dry cleaning
of carpets and rugs

The Lindhaus Dry Cleaning System is the perfect solution to clean and sanitize carpets and rugs without risk and with minimal effort. The DCS scrubs the Lindhaus Dry Compound into the carpet fibers to clean, sanitize, and significantly reduce dust mites and bacteria. Equipped with a 33 foot cord, ergonomic handle and aluminum telescopic wand for maximum operator comfort. Apart from being very efficient and light weight the DCS is very affordable. The Lindhaus detergents: Dry Carpet Cleaning Compound, Pre-Spray Activator, and Stain Remover are superb on any type of textile surface including delicate fabrics (always test fabric before use).
